Filing and Organizing Solutions

File Jackets - open short or long side

Each jacket is sealed on three sides, and opens on the short or long side. The convenient thumb notch makes retrieving your paperwork easy, while the impressive capacity means you'll be able to find a home for every scrap of paper in your office or manufacturing center. When you're done organizing your professional life, take a few folders home. Use them to organize bills, preserve kid's artwork, or keep home maintenance records.

- **FRONT:** All sizes are available in 8 gauge crystal clear vinyl. The 8 1/2" x 11" styles have optional 12-14 gauge solid color vinyl front.
- **BACK:** Choose from 8 gauge crystal clear or 12-14 gauge solid color vinyl.

We have used a system of red and blue file jackets for our charts for years and the jackets were in bad shape. We needed new plastic document holders but were unable to find them in the regular office supply stores. I was so happy to find you. Your file jackets help with patient flow and organization in our practice.

Magnetic Closure Pockets

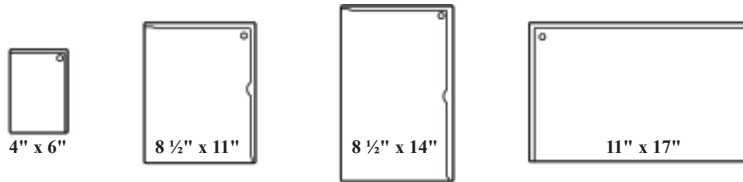

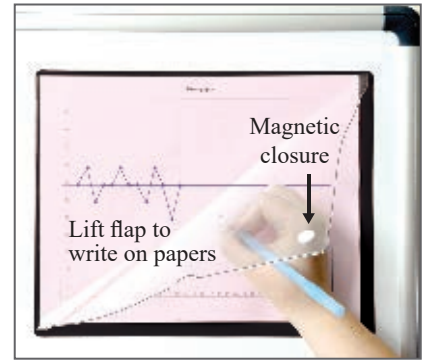

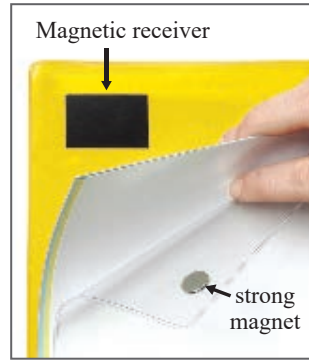

US Patent No. D821,492 S

Do you sometimes feel like you're in a one-person battle against gravity? Have you watched vital paperwork scatter out of your hands more than once? Flimsy paper folders aren't terribly trustworthy, and cheap plastic organizers can tear. Stop scooping your life's work off the floor—upgrade to StoreSMART's Magnetic Closure Pockets!

Each jacket is sealed on two sides, with a strong corner magnet to lock your documents in place (up to twelve letter-size sheets). A convenient thumb notch makes swapping out paperwork easy, while the durable construction means our folders will survive meetings, factory shifts, work trips, and more. After organizing your professional life, take a few folders home. Use them to display chore charts, track activities, and protect the family calendar. The best part? You can write on these vinyl pockets with dry erase markers!

How the Magnetic Closure Pocket works:

- Lift the front flap of the pocket forward, freeing the strong magnet.
- Insert papers into the pocket and return the magnetic corner.

Tips for Using Your Magnetic Lines

StoreSMART.com/lean

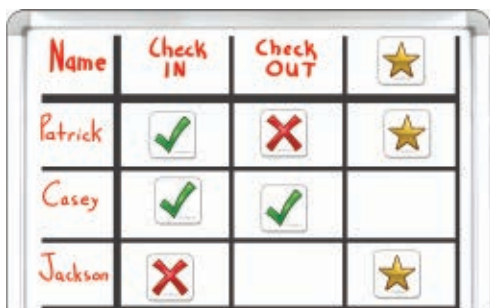

Tired of wrestling with messy tape or markers to create gridlines on your magnetic whiteboard? StoreSMART's Magnetic Lines are the answer!

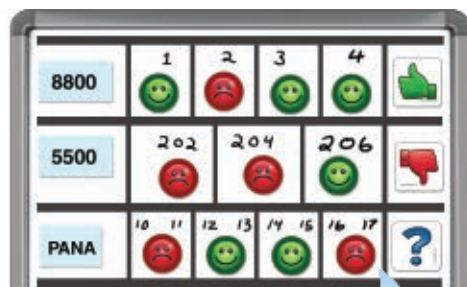

Magnetic Clipboards with Corner Pockets

Our Magnetic Clipboards with Corner Pockets moves from the factory floor to the boardroom with ease. With the high-capacity metal clip (it holds 1" of paper!) and sturdy corner pockets, you can secure and display paperwork, notes, or sign-up sheets. The back of each clipboard features three strong magnets, allowing you to attach it to any magnetic surface, including whiteboards. Incorporate our clipboards into your Lean Visual Management System, or use them at school or home.

Work Schedules

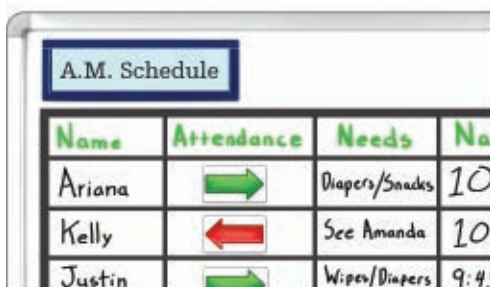

I recently purchased magnetic green, red and yellow smiley faces. The magnetic tape would be great to use with our lean boards.

Gordon Sturm | Mirion Technologies

Machine Training

Daycare

I looked everywhere for long 1/4 inch black magnet strips for our whiteboard to use as grid lines. Tape gets too messy and rips the board. I ran across yours and we tried it out today and our leaders love it! I ordered four 100-foot rolls from you. You included a sample of the Magnetic Closure Pocket which they also love, and I've ordered.

Removable Peel & Stick Vinyl Envelopes

These removable pockets are just magical! Stick them on, peel them off, then stick them on again - no sticky residue. Remarkable!

- They peel off quickly and cleanly after a minute, hour, year, or more, then reuse them again.
- Put them on glass, metal, fabric, walls, doors, laminate, and even paper.
- These remarkable pockets are great for price tags, sales material, instructions, classroom walls, trade show booths, office landscape, children's rooms, hospitals, retail signs, etc.
- We have over 10,000 sizes. Custom orders are a 300-piece minimum.

Our Commitment

Thank you for giving us 50 years of growth and change. Visual Horizons started in 1971 as a slide presentation company. When the digital age arrived, we evolved into StoreSMART.

Chaplain Kesterson of Albion Correctional Facility (left) and Reenie Feingold (right)

I started the CoordKnit outreach program. We help coordinate yarn donations to the Albion Correctional Facility. Their program enables incarcerated women to develop positive skills and contribute to society by donating knitted projects to communities in need. CoordKnit also hosts classes in hospitals, teaching cancer patients to knit while receiving their treatments. For more information on our program, visit CoordKnit.org.

COMPANY HISTORY

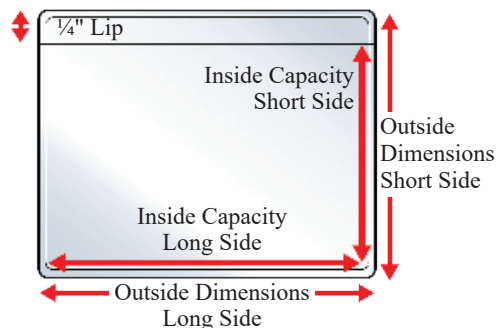

Reenie Feingold has managed Visual Horizons, and its divisions StoreSMART and ScrapSMART, since founding it five decades ago. StoreSMART has over 10,000+ sizes of vinyl pockets for storing and protecting USB/flash drives, business cards, letter/legal/ledger size documents, and so much more. We sell to all businesses, government, military, hospitals, schools, and individuals. StoreSMART continues to diversify their products and services for Lean, 5S, and Six Sigma markets. ScrapSMART.com's products are targeted toward schools and crafters with over 25,000 downloadable images.

DIFFERENTIATORS

StoreSMART, a division of Visual Horizons, is a WBENC certified woman-owned business. Our goal is simple: to provide excellent customer service and great products at affordable prices. People buy from people they like, that are honest! StoreSMART has been family-owned and operated for 50 years. The vast majority of our products are made in America. We are a leader in the design and development of plastic products to Store, Organize, File, Display, and Distribute at home, the office and manufacturing.

Design and Printing Lab

Take control of your organizational goals with StoreSMART's custom services. We have over 10,000 sizes of vinyl pockets and thousands of custom options. We can print your organization's name, logo, or other information. Our sturdy plastic products make wonderful promotions for schools, businesses, governments, and more! If you can dream it, we can make it!

Easel Backs Tabletop to Life Size

Assembly is simple and fast! First fold, then peel off to expose the self-stick (pre-taped) permanent adhesive strips. Firmly press onto the back of plastic or board. There are **NO** tools or messy glue needed. From 4" to 24". These easels are made of heavy-duty 50 pt. board and are almost two times stronger than most lightweight (34 pt.) easels! Has a hanging tab on the top for easy wall mounting.

Kraft: Size: 48 3/4". Made of thick 1/8" B-flute corrugated board. Folds in thirds for shipping.

We are a distribution company that uses the adhesive pockets as a place holder for slotting. Instead of sticking a label on our racks, we place them inside of the adhesive pocket and stick them on the racks. This helps us change out labels when we are adding, changing, and discontinuing products.

Plastic Pattern Keepers - 3 Folders in Each Pack

Keep your patterns neat and organized! The crystal clear front, back, and interior pockets (8 1/2" x 11") give you the ability to protect your patterns instantly. Each pack contains 1 each: metallic maroon, metallic blue, metallic green. Made from archival polypropylene material for extra-long wear.

An easy and convenient way to store and organize my double pointed knitting needles. The plastic is strong. I like the separate sections that allow access to one set of needles at a time.

Denise from Indianapolis, IN

These folders are great for keeping patterns categorized. Great for storing loose patterns or keep patterns in the desired sequence.

I have lots of paper patterns. This allows for keeping loose patterns together in different categories. One folder has patterns by a particular designer in the order I wish to work.

Want books to last longer? Look better? Custom Plastic Book Covers

- Plastic vinyl is easy to wipe clean.
- Choose from 8 gauge crystal clear, 10 gauge frosted clear, 8 gauge see-thru color, or 12-14 gauge solid color vinyl.
- **Minimum order is 300 pieces.**
- Printing available.

Q: Why do I need to send you my book?

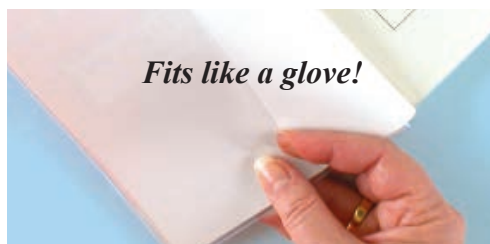

A: Fitting a book cover properly is like fitting a shoe. You don't want the cover too tight, or it will be difficult to get on. If it's too loose, it will look sloppy. We consider the size of the book, the spine, and cover, so we can match the data to the weight of vinyl needed. *We will return your book to you, of course!*

Q: Can you estimate the price?

A: For 8 gauge crystal-clear covers at a minimum quantity of 300 pieces, the price usually ranges from \$.89 - \$1.49 each. Colors and printing are an additional charge.

Q: Will you bind my books?

A: Sorry, we do not bind books. We make plastic protective covers to slip onto your books.

Eliminate bent corners and soiled book covers. Our custom covers are made of heavy-duty vinyl plastic that won't tear, wilt, or dog-ear. They are stain resistant. Spills and fingerprints wipe clean.

Thank you so much for your help. We had our board meeting and everyone was very impressed with the quality of the covers.

Shirlee | Anaheim, CA

I received the covers and half are on text books ready to go out this week. Thanks so much for getting this to us so quickly.

Vial of Life

When seconds count... count on the Vial of Life!

Medical emergencies can strike without warning. Our Vial of Life helps first responders find important medical papers **fast!** Use Vial of Life plastic pockets to hold medical forms, ID,

insurance, photo, business card, etc. You'll also receive a medical form and location sticker. Protect ALL of your loved ones—prepare a Vial of Life for everyone in your household **today!**

We sponsored an Alzheimer's Walk and every person I talked to wanted your Vial of Life pockets for elders in their family or for friends living alone. I talk about how important it is to have the information handy if you have to call 911. Now, they can just hand it to them.

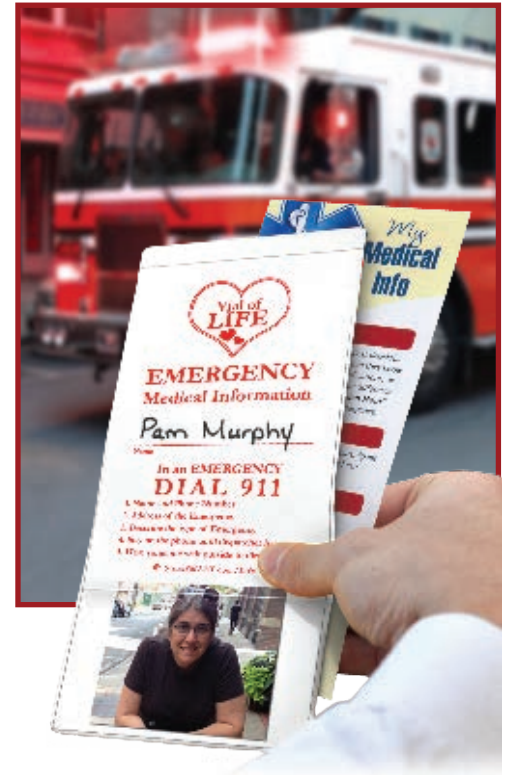

It's powerful. It has been an excellent marketing 'freebie' for us and we have given out thousands. I'm very glad I found your product and we are very happy with it!

R1831-FLASH

These pouches were *exactly what we needed* for our manuals that we give to clients. These pouches are *the perfect way to include a flash drive* with an electronic copy and not worry about it getting lost when turning over documents at the conclusion of a project. *No-hassle ordering process, and quick and speedy delivery.*
