NEW: StoreSMART Lock Message Tags

Need to display a message? Present information or safety instructions where you need them the most...on the shackle of the lock. Just insert the message, slip the pocket over the shackle of the device, and secure the lock. Anywhere you use a lock you can use a **Lock Message Tag**.

How to use the StoreSMART Lock Message Tags:

- **For EASY Access:** Insert the Tag over the shackle with the pocket opening towards the FRONT
- **For SECURE Access:** Insert the Tag over the shackle with the pocket opening towards the BACK
- You can view the messages through both the front and back of the Tag

Realtors: Use the Message Tags on LOCKBOXES.

- Put your information where visitors can see it. It's a great place to put your business cards or contact information
- Insert signs such as *Take off your Shoes, Beware of Dog*, or Main Office Phone numbers

Contractors, Offices, and Warehouses: Use the Message Tags on PADLOCKS.

- Circuit Breakers, Power Plugs/Boxes, and Lock-out Tags
- Electrical Lockouts and Thermostat Controls
- Wall Switches, Electrical Plugs, Gate Valves, and Tank Lockouts
- Metal Shutters and Security Gates
- Storage Unit Doors

Utility Companies

- Information on lockouts for electrical, water, gas etc.

Insert general and emergency information such as:

- Instructions to follow before removing the lock
- Danger, DO NOT OPERATE, and other signage
- Identifier Information and Safety Instructions
- Contact information for the correct person to remove the lockout tag
- Lockout Safety Warnings before removing the lock such as energy sources for electrical, compressed air, gas, steam, and hydraulic pressure, etc.
- Maintenance schedules and repair information
- Sequence for use prior to unlocking and untagging lockout points to return the machine to service
- Contact information for the individual who is responsible for the equipment

Specifications:

- **Insert Size:** 3" x 4" pocket **Overall Size:** 3 1/4" x 5 3/4"
- Made of 10 gauge heavy-duty crystal-clear vinyl on the front and back
- Double reinforced color header with two - one inch diameter slot-holes
- Choose from a red, blue, green, or black header
- Slot holes slip over the shackle of any style key/combination lock box or pad lock
- Flexible and water-resistant
- Custom colors, sizes, embossing, and printing available – minimum 300 pieces
