Just in Time for the Holidays!

Hang a family photo gallery with ease using StoreSMART's New **Sticky Photo Frames**

'Tis the season to snap, display, and share photos of family and friends! Turn almost any surface at home, in the office or even in your car into a photo gallery with StoreSMART Sticky Photo Frames.

They're as safe and easy to use as sticky notes. Post, arrange, and rearrange photos as many times as you like on almost any surface. They won't mar walls. And they make wonderful, economical gifts and stocking stuffers that will delight all the photo lovers in your life.

These clever StoreSMART Sticky Photo Frames hold strongly, yet remove quickly in an instant. They can adhere to a stainless steel fridge that doesn't hold magnets, or at work on cubicle walls. Send them along with the kids to decorate their college dorm rooms, or to senior living apartments to cheer someone you love with a moveable collage of favorite family images.

Choose from two attractive styles, a clear backing (so your photos look as if they are floating on the surface) or a shiny black backing (for a neat, framed appearance). Each StoreSMART Photo Frame is made of sturdy 8-gauge vinyl and can hold photos 4" x 6", 5" x 7", 8" x 10" and 8 ½" x 11" in either portrait or landscape formats.

Sticky Photo Frames are damage free for:

Laminated desks and tables
Windows, doors, and, glass surfaces
Wallpaper and painted walls
Stainless steel and metal refrigerators
Office cubicle walls and desks
(NOTE: Not for use on real wooden products)

To obtain FREE samples for review by your publication, contact Stan@Storesmart.com or call 800-424-1011 x 9208. See www.StoreSMART.com/Press for high-resolution publication images.
